

To our Valued Suppliers,

Please take a moment to learn about several changes we are introducing to streamline our Accounts Payable process.

Effective October 2024, Sorrento Lumber Co. Inc.'s preferred payment method is Virtual Card. This change to our Accounts Payable process will give us the flexibility to make payments faster, more securely and eliminate the use of paper checks.

Our payment solution partner is CloudPAYit (powered by Finexio). CloudPAYit will deliver payments to you on Sorrento Lumber Co., Inc.'s behalf, preferably via a single-use Virtual Card. Virtual Cards may be processed using your existing card payment solution: if you do not have one today, CloudPAYit can partner with you to establish one.

CloudPAYit will be reaching out to Sorrento Lumber Co., Inc.'s suppliers on how to get started and enroll in the new process. If you have any program or payment related questions, you can email CloudPAYit at success@cloudpayit.com.

Should you have questions regarding this announcement, please do not hesitate to contact us at ap@sorrentolumber.com or 225-675-9804.
