Plymouth Barred Rock

EXC

Super popular for backyard flocks because they are a dependable layer of big eggs. These big girls are mellow and friendly. Developed in Massachusetts in the 1800s - so cold isn't an issue!

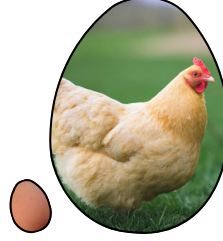

Rhode Island Red

VG

Rhode Island Reds have always been known as superior brown egg producers and were hugely popular through the 1900's. They are hardy and thrive in many conditions - these girls are dependable layers, too.

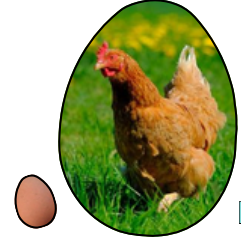

Buff Orpington

G

Customer Favorite - big, round & gold! These large birds are known for easy going personalities and their egg laying ability - even in the cold winter months! These big, lovely ladies take longer to mature to lay.

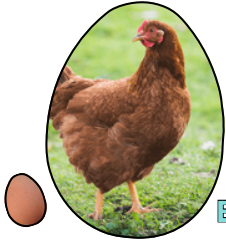

Cinnamon Queen

EXC

A cross between a RI Red and a Silver Laced Wyandotte- these smaller birds are excellent egg layers, with a mild temperament. Perfect for beginners looking for high egg production!

Production Red Cherry Egger

EXC

If you want eggs, then these are your girls! Cross between two top breeds the Rhode Island Red & NH Red. Reduced feed consumption while producing large brown eggs. Excellent choice for backyard - they tend to be calm & friendly.

Breeds may sell out-
Place your order soon!

Hatcheries require us to place our orders in February.

Your order is deducted from that number. We prioritize your orders by date placed.

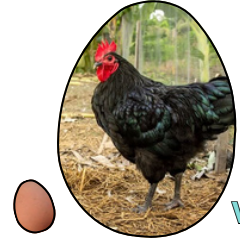

Egg Production Rating:

G = 3-4 per week

VG = 4-5 per week

EXC = 5+ per week

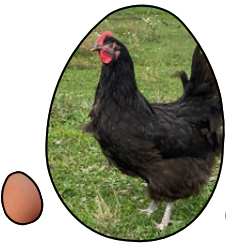

Black Australorp

VG

Large, docile birds that lay large brown eggs. Tend to be calm and friendly, making them great for family flocks. They have black feathering with a pretty green sheen.

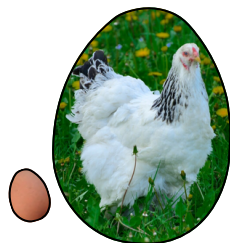

Chocolate Orpington

G

Orpingtons are known for their pet-like, docile nature. Sizeable, curvy birds with loose, fluffy feathering - these birds are easy to handle and cold hearty!

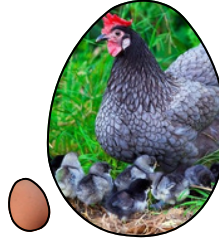

Light Brahma

G

Customer Favorite for looks and calm personality. This big bird has featherings on its legs & feet for a fun look. Good temperament, good as a family chicken. Cold hearty & these ladies lay huge eggs.

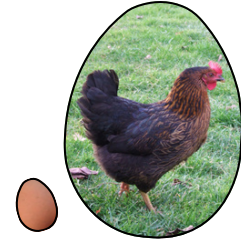

Blue Australorp

VG

Calm and quiet, these dual-purpose birds are dependable egg layers with beautiful plumage. Their docile temperament makes them ideal backyard flock birds.

Black Sex Link

EXC

These birds are a cross of RI Reds & Barred Rocks - giving you the best of both breeds! Fabulous for free-ranging - tough birds that are prolific layers. Sex-link breeds mean the females & males are different colors - easy to tell the sex!

- Female chicks - Sexed by hatchery - 90% success rate
- Vaccinated for Mareks Disease
- You can have a variety of breeds in your flock - Mix it up!
- We recommend at least 2 per breed or 1 chick of different individual breeds
- Chicks grow rapidly - older chicks will beat up younger, smaller chicks if put together. You will need to keep different ages separated if you order multiple dates.

Layer Chicks

Minimum order:
4 chicks - PER date

Dark Brown Egg Layers

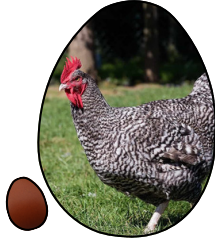

Noir Maran

EXC

It doesn't get better than this, a sex-linked, production, dark brown layer. The Noir Marans are a very good layer of rich dark brown eggs ranging from copper to chocolate in color. These hens are largely black with varying amounts of bronze. This breed produces a combination of both clean and feather legged chicks

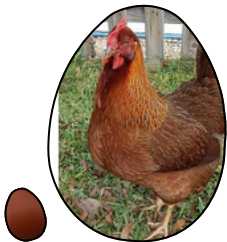

Cuckoo Maran

VG

Dark brown egg - so pretty! Rare breed that is becoming more common in-home flocks. Originally from France - many chefs will only cook with Maran eggs. Hardy birds that are calm & easy going - they enjoy foraging

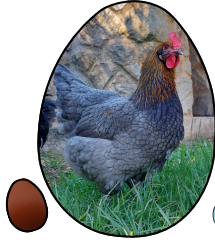

Welsummer

EXC

Dark to medium reddish-brown eggs with spots. A Dutch breed that is active & curious - known for being cold tolerant - great for home flocks. Nice gals that do well in back yards

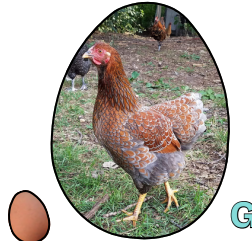

French Blue Copper Maran

G

Dark to medium reddish-brown eggs with spots. A Dutch breed that is active & curious - known for being cold tolerant - great for home flocks. Nice gals that do well in back yards

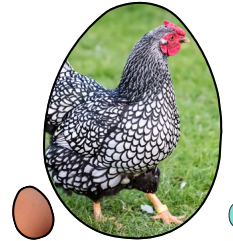

Blue Laced Red Wyandotte

G

These docile, beautiful birds are layers of large brown eggs. Dual-purpose and sustainable, these girls are adaptable and will make an excellent addition to your flock.

Silver Laced Wyandotte

G

Sharp looking bird! The original Wynadotte - good layer of large eggs, cold hardy and docile. Great foragers but these birds also adapt to coops well!

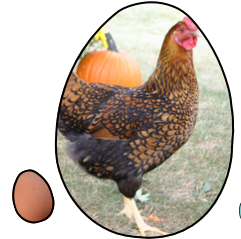

Rhode Island Blue

VG

A cross between the RI Red and Blue Australorp, these chickens are a mid-sized production bird - if you're looking for a unique chicken that will out-lay most, these are your ladies.

Golden Laced Wyandotte

G

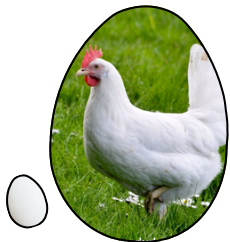

One of the most beautiful birds we sell! Full-bodied girls that are curvy and gorgeous. Good layer of large eggs, cold hardy and docile. Great addition to a home flock!

We care about our chicks & want them to thrive!

When ordering chicks with us, we will REQUIRE you to purchase Chick Starter from us in order for them to go home.

White Leghorn

EXC

Extremely high energy bird, with a tall sleek build. These chickens have a unique rose comb that is ideal in the winter to avoid frostbite! They can be a bit flighty around people they don't know, but if you are looking for A LOT of eggs, these ladies are the bird for you!

Colored Egg Layers

Cream Legbar

G

The most popular auto-sexing breed to date, these two-toned birds are mid-sized, average layers of Blue eggs!

Easter Eggers Americanas

VG

Customer favorite! The hatchery we buy from bred these girls to have a great variety of colors & patterns along with the trademark face "muff" And they lay large size eggs with fun-colored shells! Medium size bird that tends to be stand offish.

Lavender Olive Eggers

G

A medium sized, hybrid chicken, these birds are known for their hardiness and friendly nature. Gentle and approachable, they are perfect for families! These birds lay multi-colored eggs.

Olive Eggers

G

A medium sized, crossbred bird which is a good layer of eggs in shades of olive green. Just like the Americana, these birds will be a mix of colors - brown, black, blue. It's always a surprise!
